

2+ YEARS EXP.

6 PROD. APPS

9 PROJECTS SHIPPED

2 mo INTERN → DEV

SUMMARY

Front End Developer specialising in React and Next.js ecosystems. Joined MN Gure Pvt Ltd (a subsidiary of Altimus Retailers Ltd) as an intern and was promoted to Front End Developer within two months. Since then I've owned the entire frontend across six production applications — rebuilding legacy Angular systems in React/Next.js, architecting multi-tenant platforms, building branded storefronts, and introducing Flutter for a Windows POS application.

EXPERIENCE

Front End Developer • MN Gure Pvt Ltd

Feb 2024 – Present | Madurai, Tamil Nadu, India

Promoted from Intern → Developer within 2 months

- Own end-to-end frontend across 6 production applications
- Rebuilt legacy Angular admin panel in React / Next.js covering special orders, returns, 6 service modules, and invoicing
- Architected a multi-tenant e-commerce platform using Next.js 16 + React 19 with a 60-component CMS registry
- Modernised e-commerce UI with seasonal homepage variants and dynamic theme switching
- Built the Bogner London branded storefront with custom typography and premium UX
- Led development of London Ski deals storefront with promo-code engine and Elasticsearch integration
- Introduced Flutter for a Windows POS retail application with offline SQLite and barcode scanning

SELECTED PROJECTS

Special Order System

Live

Ground-up rebuild of Altimus's internal operations platform, replacing a legacy Angular app. Owned the entire front end: custom design system with nine themes and dark mode, plus modules for custom orders, returns, invoicing, service bookings, and foot-clinic appointments.

Next.js 14 • React 18 • Redux Toolkit • MUI • FullCalendar • Konva

Multi-Domain Platform

In Development

Multi-tenant e-commerce platform powering multiple brands from a single codebase with a composable, 60-component CMS registry.

Next.js 16 • React 19 • Zustand • shadcn/ui

Bogner London

Live

Standalone branded e-commerce experience with custom typography, animations, and premium product presentation.

Next.js • React • Framer Motion

London Ski

In Development

Deals-focused storefront with promo-code engine, Elasticsearch product search, and dynamic filtering for ski equipment.

Next.js • React • Elasticsearch • MUI

E-commerce UI Revamp

Live

Rebuilt front-end storefront with seasonal homepage variations, dynamic theming, and improved product discovery flows.

Next.js 12 • React • MUI

Retail POS Application

In Development

Flutter-based Windows point-of-sale app with Riverpod state management, barcode scanning, receipt printing, and offline SQLite.

Flutter • Dart • Riverpod 2 • SQLite

Quiz App

Live

Full-stack quiz platform: React 19 front end, Express.js API, and PostgreSQL database for scores and leaderboards.

React 19 • Vite • MUI • Express.js • PostgreSQL

SKILLS

Languages

JavaScript ES6+, TypeScript, JSX/TSX, HTML5, CSS3, PHP, Dart

Frameworks & Libraries

React, Next.js 12–16, Laravel, Vite, Tailwind CSS v4, Flutter

UI Component Systems

MUI v5–v7, shadcn/ui, Radix UI, Headless UI

State Management

Zustand, Context API, Riverpod 2

Design Tools

Figma, Adobe Illustrator, Design Systems, Responsive Design

Dev Tools & Practices

Git, GitHub, REST APIs, RBAC, SSR/SSG/ISR, Performance Profiling, Performance Optimization, Team Collaboration

Concepts & Architecture

OOP Concepts, Component-Based Architecture, Reusable Component Design, Backend Integration
